## Patient Authorization & Agreement

The patient support program for SOTYKTU (deucravacitinib) (the "Program") is designed to help patients understand their insurance coverage and financial support options as well as provide free medication for those who qualify. To participate in the Program, Bristol Myers Squibb will need to receive, use, and disclose your personal information.

Please read this form carefully. For questions, contact us at 1-888-SOTYKTU (1-888-768-9588).

### What information will be used and disclosed?

My personal information will be used and disclosed, including the information on this form, my contact information, date of birth, health information and health records (including diagnoses, medications, lab tests and biometric information, etc.), and insurance information.

### Who will disclose, receive, and use the information?

This authorization permits my healthcare providers, pharmacists, health plans, and health insurers who provide services to me ("my Health Caretakers") to disclose my personal information to BMS and its authorized agents, subsidiaries, and assignees (collectively, "BMS"). BMS may also share my information with my Health Caretakers and other healthcare providers, pharmacists, health insurers, and charitable organizations to determine if I am eligible for, or enrolled in, another plan or program.

### What is the purpose for the use and disclosure?

My personal information will be used by, and shared with, the persons and organizations described above in order to process my application and provide the Program's services to me, including to:

- Verify my insurance benefits, research insurance coverage options, and determine my eligibility for BMS co-pay assistance programs
- Contact other healthcare providers and charitable organizations to determine if I'm eligible for, or enrolled in, another plan or program
- Contact me and my Health Caretakers about other programs and services that are available, including screenings for other financial assistance options
- Provide free medication to me if I qualify
- Receive, and/or purchase, my information (including information about my prescriptions and insurance claims) from my Health Caretakers to determine if and where I am receiving my medication and whether I am no longer eligible for free medication or other BMS support programs
- Contact me for marketing purposes, including providing me with information about my medication, refill reminders, surveys, research studies, and other information and alerts that BMS believes may be of interest to me (and some of which may be sent directly to my phone if I choose)
- Improve or develop the Program's services and other internal business purposes including analytics
- Use my health information to combine it with other information BMS may collect about me and my treatment and use it for the purposes described above

### Authorization for Sale of My Information to BMS:

I authorize my Health Caretakers (including my healthcare providers, health plans, health insurers, pharmacies, lab service providers, and diagnostic service providers) to disclose my information for the purposes described in this authorization, and I further authorize my Health Caretakers to accept payment from BMS in exchange for providing my information as well as providing me with marketing and patient support services.

### When will this authorization expire?

This authorization will be effective for 5 years unless it expires earlier by law or I cancel it in writing. I may also cancel this authorization in the future by writing to:  
Bristol Myers Squibb, 2250 Perimeter Park Drive, Suite 300, Morrisville, NC 27560

**Notices.** I understand that once my health information has been disclosed to the Program, privacy laws may no longer restrict its use or disclosure. If I cancel this authorization, the Program will stop using or disclosing my information for the purposes listed here, except as allowed or required by

law or as necessary to end my participation in the Program. I also have a right to receive a copy of this form after I have signed it. The Program agrees to use and disclose my information only for the purposes described in this authorization or as allowed or required by law. BMS will not sell or rent personal information collected about me from this Program. I further understand that I may refuse to sign this authorization and that if I refuse, my eligibility for health plan benefits and treatment by my healthcare providers will not change, but I will not have access to the Program services. I understand that certain state laws may allow for the right to request access to, or deletion of, my information. I understand that these state rights are not absolute and only apply in certain circumstances. Therefore, I acknowledge that BMS may not respond or address my request beyond the extent required or permitted under relevant laws. I agree that I may need to provide additional information in order to verify my identity, such as a government-issued ID, before BMS will honor a request to provide access to, or deletion of, my information. BMS will not discriminate against me for exercising my rights, but I understand that they may not be able to provide me with Program services if they are not able to use my information. To submit an access or deletion request with respect to the Program, I may call 855-961-0474 or complete the online form at: [www.bms.com/dpo/us/request](http://www.bms.com/dpo/us/request)

**Program Terms.** In order to provide Access Assistance, patients must provide information that is true and complete. At any time during participation, BMS may request additional documentation to verify the patient's personal information. If there is missing information or if the patient does not respond to requests for additional information, BMS may delay or terminate participation. To receive free medication from BMS, patients must comply with the Program rules provided on the enrollment form and patients may not be reimbursed for the assistance received from anyone else, including from an insurance program, another charity, or from a health savings, flexible spending, or other health reimbursement account. Assistance may be temporary and patients may be required to apply every year. Patients must contact the Program at 1-888-SOTYKTU (1-888-768-9588) if their insurance or treatment changes in any way. Medicare Part D patients may not count any free medication received toward their true out-of-pocket (TrOOP) costs. BMS may discontinue the Program or change the rules for participation at any time, without any notice.
